CENTER

FRIDAY, APRIL 7, 2017 | CUNY ASRC AUDITORIUM

Registration: <http://nanofab.asrc.cuny.edu/2017-cleanroom-forum>

Tentative Schedule

- 9:00 AM Welcome Breakfast
- 9:45 AM Director's Opening Comments (Jacob Trevino, CUNY ASRC)
- 10:00 AM **Session 1:** Oxford Instruments presentation of current and new technologies
- 10:45 AM Open discussion with Oxford Instruments
A chance to ask questions and give feedback on current and future deposition and etch systems.
- 12:00PM Lunch (Provided by Oxford Instruments)
- 1:30PM **Session 2:** Environmental Health and Safety panel and discussion
An open discussion on how various EHS and Cleanroom staff work together to ensure safety and coordinate responses to various scenarios.
- 3:00PM Social beverages and facility tours

Note on Session 1: If you have specific questions you would like addressed in Oxford's presentation, please email me in advance. I will compile a list so they can prepare better responses and consult their teams as needed.

Note on Session 2: We are inviting any and all members from your respective EHS teams to attend the event. The more we have, the better the discussion will be.
